

SACRE support options from RE Today

Background

We currently work with circa 80 SACRE's and LA's and this number has been growing steadily over the last few years. We put this down to our ability to provide a fully integrated range of ongoing support provided by our team of dedicated, specialist RE Advisers delivering training, consultancy and more on the ground. They in turn, are supported by a team of professionals within our Head Office who complement the services that they provide and offer innovative teaching solutions to support the provision of delivering excellent RE in the classroom.

Features

Typically, this support covers the following key activities.

- Ongoing advice and guidance integrated with attending SACRE meetings and writing the Annual report
- SACRE sponsored conferences and training events for teachers
- Research and SACRE briefings on changes in RE (e.g. new GCSE specifications, government reports and guidance etc)

Benefits

You are not just engaging an RE Adviser you are engaging with an organisation that can provide fully integrated support to your schools which can include.

- Primary and secondary networks
- Consultancy and training
- Inset days, pupil conference design and delivery

Options

We provide in-person, online or bespoke support and we are very conscious of the diversity in local authorities and tailor our approach accordingly. We are mindful of your legal responsibilities for RE and all our RE Advisers are fully compliant and competent.
